

Sophie Le-
Senior Behaviour Support Practitioner
and have been working in the
Southwark Enhanced Intervention
Service since June 2017.

Erin Allen-
Transforming Care Nurse with
Southwark Enhanced Intervention
Service.

The Enhanced Intervention Service is a small multi-agency service in Southwark working across South London and Maudsley (SLaM), Guys and St Thomas (GSTT) and Southwark Social Services. The service is set up in the context of the Transforming Care agenda to provide a service for adults from Southwark who have a learning disability and whose behaviour is severely challenging, placing them at risk of family/placement breakdowns or admissions.

SOPHIE LE & ERIN ALLEN

SUPPORTING THE TRANSFORMING CARE COHORT INTO THE COMMUNITY AND WORKING IN PARTNERSHIP WITH PROVIDERS

We will be giving an overview of the Southwark Enhanced Interventions Service (EIS), a case study example and summary of outcomes, and reflections on the challenges and successes in our work. The Southwark EIS is a community intensive support service (NHS) and we work in the context of the Transforming Care agenda to support adults with intellectual disabilities whose behaviours challenge and place them at risk of placement breakdown/hospital admission
