

Surrey PBS Network is a county wide community network for anyone living in Surrey with an interest in, need for, or skills to share in Positive Behaviour Support.

SURREY PBS NETWORK COACHES

Developing a county wide PBS coaches programme

In 2018 the Surrey PBS Network, a volunteer led group of professionals, family members and providers, co-wrote and delivered an 8 month coaching programme. 52 coaches entered the programme from 27 organisations. This presentation will be co-presented by the coaches who graduated in 2019 and two of the trainers, about what happened and whether it was all worth it!
